

2 bottom rails, 2 uprights,
4 straight tubes, 2 white sleeves.

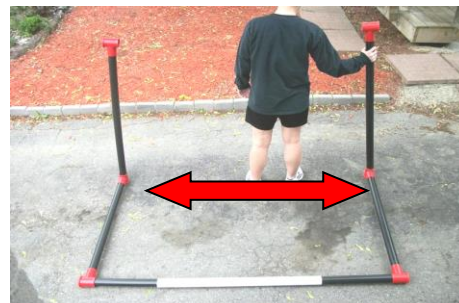

Red caps on each end: back faces in.

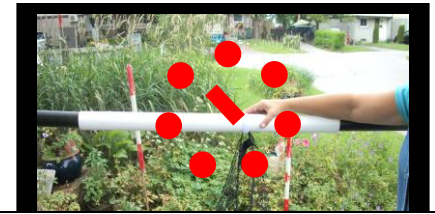

Put 2 tubes into white sleeve.

Place bottom bar. Push in ends.

Push in posts: interchangeable.

Finish top bar same as bottom bar and insert. Then:
find the **RED STRAP** on the mesh and wrap it in the middle.

Stand behind your Eznet to hook on corners.

Stand behind your Eznet.
Do not twist: straight down.

TAKE APART HINT Place your foot on the base. Twist and lift easily!

DO NOT tip Eznet upside down. Do not bend and beat this post.

It will slide out easily!

DO NOT FIGHT WITH TUBES WHEN TAKING IT APART. TAKE MESH COMPLETELY OFF! TIGHT TUBES ARE PERMANENT. LOOSE TUBES ARE NOT! IF A RED CAP POPS OFF, IT IS SUPPOSED TO SO IT DOES NOT CRACK. JUST LINE IT UP AND POP IT BACK ON WITH A BANG ON THE GROUND! CRUSH RIBS RE-GRIP. NO GLUE OR SCREWS EVER! Talk-Text: 647-991-3528 www.Eznet.me
